

Submitter:	Robert Sowdon
On Behalf Of:	IN- PERSON Voting
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Chair and Committee members,

I remember when Voting was an important day, going to the polling place was a privilege an honor. Voting in person with a picture ID, will reduce voter fraud.

Anyone can request a ballot and it can be mailed in, those that are claiming being disabled would not be able to vote, did not read the bill! otherwise

Same day voting and same day ballots returned will also reduce voter fraud and bring integrity back and voter confidence!
