Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support election reform in Oregon. It has become far too easy to vote illegally in the State of Oregon. There needs to be safe guards of showing proof of eligibility. Far too many ballots are going to the wrong people or are being hijacked. Voting is a privilege that should only be afforded to those who are legally registered. The only way to insure this, is to show up with valid ID. Oregon needs to return to in person voting to ensure fair elections.
