Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB243

As a law aiding citizen, life long Oregon resident and father of two daughters who are nearing 18 years old. I oppose this unconstitutional bill. My daughters are responsible and trained to use firearms. Why should they not have the right to defend themselves. Oregon has really changed for the worse, and this bill is just another example of why people continue to leave for states where their rights are protected.
