Measure, Appointment or Topic: HB3542

Dear members of the House of Representatives, and the Joint Transportation Committee,

I support the legalization of lane sharing practices in my beautiful home of Oregon. Studies in California have shown obvious benefits, and other states have caught on and legalized it thus far (Colorado, Montana, Utah...).

As a rider myself, I am exposed to these dangers, unseen and un-thought of by the public every time I ride. I truly believe that being able to safely maneuver through stopped traffic will save me someday. It will DEFINATELY save my finger joints from the clutch working and my inner leg from burning off from my exhaust.

I support HB 3542 for the safety of my friends and family, and for the betterment of my community.
