I strongly support SB 210. We must make sure that every vote is cast by a citizen who can show ID to prove who they are and that they're truly a registered voter. Our current system includes people on the voter rolls who've died and many who have moved out of our state or county, and ballots are sent to them nonetheless. This makes our voting system vulnerable to cheating..

Additionally, it's not hard to show ID which must be shown to cash a check, get a document notarized, fly on an airplane, get into another country, and so many other things.

Let's do all that can be done to ensure honest elections in Oregon!

Thank you!
