Committee: Senate Committee On Rules  
Measure, Appointment or Topic: SB210  
Support SB 210

I totally 100% support SB 210!!! I want to go back to one day voting, in person, with proof of US citizenship ID, at the local precinct that was done for hundreds of years. There are too many holes in the current system. Why did European nations move away from computerized systems? Too easy to be hacked. We want elections NOT (s)elections!!

This is a no-partisan issue. We want elections we can trust. Vote yes on SB210!
