Measure, Appointment or Topic: SB243

Oregon state legislature,

I am a resident of eastern Oregon and a lifelong Oregon resident, and I am writing this to strongly urge SB 243 to not be passed. I am a card carrying CHL possessor, and a firearms owner. This bill would turn me into a criminal overnight if passed, just for things that I own and use responsibly. I am not a criminal. I have no criminal record and have never had any legal action taken against me, and neither are the multi million other gun owners in this state.

Please, vote no on this underprepared, rushed, sad attempt at public safety. This will not have the goal anticipated.
