Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

This bill does nothing to keep guns out of criminal's hands. You are not protecting your citizens against criminals by disarming law abiding citizens. Criminals don't care about, or follow the law. once you have successfully unarmed the criminals and if there is still a huge gun violence problem, then, and only then should you discuss taking away our rights.

Quite taking away our 2nd amendment rights.
