Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

So, after more than 20 years of safe, secure, and preferred Vote-by-Mail in Oregon - Trumps cult is trying to change it back so they can enact barriers to voting? THERE IS NO NEED FOR A CHANGE! I'm a widow, living in the country - I'm always grateful that I can get my ballot in my locked mailbox and send it out to be verified and counted - all without wasting over an hour roundtrip to town, gas, and time to actually stand in line and vote- IT'S ARCHAIC! WE SHOULD NOT GO BACKWARDS! They are trying everything possible to send us back to the dark ages, to take all the power and money for their own enrichment- It's despicable. And the fact that this effort even gets a hearing???!!!!

NO! Stop wasting time on this crap! Who is kissing Trump's fat a\$\$ here?
