As a property owner of a second home, located in Portland, Oregon, I regularly receive multiple ballots for people that either used to reside or were relatives of someone that used to reside at the address in Portland.

I have tried to return these extra ballots each election and wind up having to destroy them.

If I were a dishonest person, I could have voted these extra ballots.

Vote by mail has been a disaster with multiple instances of voter fraud, despite the media claiming it is 'safe'.

As much as the media and voting officials CLAIM it is safe and that the documentary '200 mules' was fake, these bad actors absolutely have influenced our elections and changed the true people's will.

When THOUSANDS of ballots all have ONLY the President being voted on and no other measures or candidates, it is definitely FRAUD.

As well as having electronic tabulating machines 'malfunction' and only count democrat votes.

We need a return to one day, in person voting WITH valid ID.

You have to show your ID to do ANYTHING in this world, EXCEPT to vote in a US election.

This is ridiculous!
