Measure, Appointment or Topic:

SB210

I support this bill considering all of the the following:

1> Oregon DMV registered illegal migrants to vote, which is a felony.

2> None of the DMV employees who committed these felonies were held accountable and are still employed.

3> A number of the illegals registered to vote actually voted, which is another felony. None of them were charged nor prosecuted.

4> Oregon's voter rolls are corrupted, one of the worst in the nation. Despite a lawsuit Governor Tina Kotek has done nothing to clean it up.

5> Given all of the above (1 - 4) the only solution to this corruption is to vote in person with proof of citizenship.

Respectfully,

Anatolie Hobet
