

Submitter: Samantha Frost

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I support ending the unconstitutional vote-by-mail! I support voting at the precinct level like our Oregon Constitution calls for! I support hand counting, because the unconstitutional machines have algorithmed and according to our former Attorney General in a court of law have WiFi access and can be hacked! That is against our election laws! I support moving our elections from the unlawful 35 days to ONE DAY! There is now an Executive Order, where this bill is compliant to. Check it out: <https://www.whitehouse.gov/presidential-actions/2025/03/preserving-and-protecting-the-integrity-of-american-elections/>

The State of Oregon is NOT compliant to this Executive Order.
