SB210

Hello,

With all do respect I oppose this bill. Why would we make it harder for people to vote? This makes no sense at all. How about we work on finding ways to help people not hurt them. We need to keep mail in voting. It is our right. We have the right to vote. IWhether it is mail in or in person. I do not care what party you are.. changing this would be a HUGE mistake. If people are cheating the votes now.. they will cheat later, too.

We need to think for ourselves and move forward not backwards.

Thank you
