Measure, Appointment or Topic:

SB210

My husband and I moved from Colorado to Oregon in 2019. We both in our 70s and have been voting a long time and experienced many styles of voting. We agree that voting around the kitchen table is our preferred way of voting. We enjoy having the ballot mailed to us, discussing the issues and candidates as we vote and taking our ballots to the box together. I no longer want to vote "in person" - what does that even mean? I think the way I have voted these past 4 years is "in person"! Please do not pass this measure!! Thanks so much. Mary Reeves
