Senate Committee on Judiciary

Dear Members of the Senate Committee on Judiciary,

I strongly urge your support of the proposed and constitutional SB243-1 amended. In particular, I support allowing local governments to regulate concealed carry in public buildings and spaces.

You have been provided tremendous fact-based data and citizen-supported evidence that SB243 will protect the health of the public you represent, especially that of our children.

The sensible legislation in SB243 will undoubtedly prevent a school shooting, assault at community event, bar or at a parade. Under your authority and prevention, Oregon can survive and avoid landing notoriously on the map or in national news headlines due to a tragic act of gun violence. Just a single act of gun violence affects citizens statewide and indefinitely.

Please pass this marvelously omnibus and overdue provision in order to quickly change the inverted gun culture economics that has devastated and riddled Oregon for far too long.

Thank you for your responsibility,

Lisa Bosotina
