Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's current system of mail in/drop off voting is a great system. It encourages more Oregonians to get involved and vote on both federal and local elections. It also encourages people to be thoughtful and informed by allowing time to read and understand the ballot. Oregon has a high voter turnout with very few problems.

Forcing in-person voting will only suppress the vote.

Oregon should strive for more voter involvement, not less.
