

Submitter: Christopher Otjen

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB243

I do not support this overreaching measure. I believe in added gun safety, but believe this not the right approach. Especially, at time in which our nation, and our Pacific Northwest Region have so many opposed views to the current White House Administration. Also, it happens be an administration that is relentlessly trying to attack numerous constitutional rights of Americans.
