

Submitter: David Salim

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB3940

We don't need to squeeze the small businesses (restaurants) any more...this tax will end up taking money from the working class: hosts, servers, bartenders, cooks, dishwashers etc..these folks in the trenches don't need a paycut, they deserve what they've earned. Find another way to pay for fire prevention, ie: make it state law for all counties to legally sell marijuana, and tax those sales as you have been.
