1. Proper picture ID with a physical address is best.
2. The reason is that it ensures a more personal touch, rather than just a signature. I feel better voting in person.
3. Resident full-time, Proof of Citizenship.
4. Do your homework – read your voter's pamphlet in the kitchen or garage.
5. A voting holiday should be considered. Or one hour paid leave from work.
6. Maintained a domicile in Oregon for 12 consecutive months for voter registration.
7. Fraud is too easy in 2025, including Photoshop signatures, digital manipulation, someone else intercepting your mail, or a signature checker in the Oregon State Voting Office, all of which can be used by someone who doesn't care about your political party.
