

Submitter: Matt Cyrus

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB1187

Please vote no no this bill. Oregon is already has some of the nation's highest taxes and is toward the bottom in state ranking for business friendliness. Many businesses are already leaving Oregon due to its high tax and regulatory burdens. We simply cannot afford more taxes. Maybe our efforts would be better spent reducing wildfire smoke through better forest management.
