Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is a ludicrous attack on Oregonians. It adds nothing and take away from vulnerable groups whose voices need to be heard. Also starts the slippery slope... impacts rural counties first but long term opens the door for American Traitors to start minimizing polling places in densely populated areas and eventually make it literally impossible for every Oregon resident to vote. Stand with democracy and reject this farce proposed to by cronies to the bigger US Traitor since Benedict Arnold
