SB210

I am 37 and have been self employed for 15 years. I do not have paid time off to take time to vote. I greatly enjoy being able to take my personal time to go through the voters pamphlet with the ballot to make my decisions.

I have also had seven serious bone surgeries. There are times that I would not have been able to vote if we did not have mail-in voting. I would not have been able to wait in line for hours or even drive to a voting location.

Mail-in voting is an equalizer for me as a small business owner, as someone who wants to be thoughtful and thorough in my votes, and as a young person who is occasionally physical disabled.
