As a military family we have lived in numerous states around the country. We always registered and voted. The differences in voting always baffled us. Crowded polling places, different machines or paper ballots. It always seemed like a chore to vote. Often times voting but not always feeling like an informed voter.

That all changed when we moved to Oregon in 2006. We registered to vote and heard about mail in voting. Uncertain at first, we soon became fans of voting by mail. It is so civilized. We both now read the voters pamphlet. We make mindful choices and fill out our ballots in the privacy of our home. We are proud to be residents of a state that is leading the way for mail in voting. We both strongly support voting by mail and urge you not to take this away! KEEP VOTING BY MAIL IN OREGON!
