SB697

I oppose SB697

This bills does not increase public safety and put yet another layer of restrictions on law abiding voters. Yes, if you can be trusted to vote, you should be trusted to own a firearm. Not to mention the absurdity of SB 697 as it relates to those of us who are Armed forces members.

Also, this proposed new law has already been ruled unconstitutional in many other states.

I urge you to vote no on SB697. Respectfully
