Republicans in Oregon will do anything to disenfranchise voters who disagree with them. They continue to lie about mail-in voting, claiming fraud, but basing it on absolutely zero fact, without a shred of evidence. I oppose this bill as we have had a safe and fair voting system for decades. There is absolutely zero reason to change a system that works perfectly fine, and allows EVERYONE a chance for their vote to be counted. Even if there was in-person voting only, y'all would lose, we refuse to allow you to take away the voice of thousands just because you can't get over your tantrum.
