Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Hello,

I opposed SB210 because I believe it makes it more difficult for people to have their voices heard. This bill will suppress people's opinions all over the state and on all sides of the political spectrum. I love how easy it is to read about the candidates and submit my vote through the mail. I believe in our state's ability to fight voter fraud. During the 2024 presidential election, my husband had to drive to the Washington Co. government building to show proof of identity. This showed me I can trust the Oregon government to protect our elections. Let us keep our voices. Let us vote by mail.
