To Whom It May Concern, please do not change how we vote in Oregon. Mail-in voting has brought in more votes because people can vote from home and still have their voices heard. Election days are not national holidays. Mail-in voting is needed because we have to work on election day. I am a teacher, I work on election day. I rely on mail-in voting in order for my voice to be heard. Thank you for taking the time to read this. -Elementary Teacher
