

Submitter: Cynthia Scoble

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail has worked in Oregon for over 25 years. This system works.

Oregonians can vote on their own time schedule without the need to time away from work and stand in line at a voting location. Businesses are not disrupted by the need to allow employees time away from work. In fact, requiring voting in person would be disruptive to the state and cause hardship for the disabled or rural citizens who might be required to commute long distances to cast a ballot.
