Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Please accept this testimony in support of making in-person voting on the date of an election the standard method for conducting an election. This in-person process will again provide Oregonians a clear path to vote and re-establish integrity in the process of voting. If a voter needs a mail in ballot they can request one like we did prior to changing the voting rules in the 90s. In-person provides the privacy and security of an independent vote. It is critical that this is our primary route for ensuring a proper election and return the option of mailing a ballot in as an exception.

Respectfully submitted,
