Measure, Appointment or Topic:

SB210

I am writing in support of SB210 to end mail-in voting, require voter ID, and ensure in-person voting on election day (with absentee options.) I believe this is a necessary step in order to restore trust in our elections. It is my belief that voter turn out in my county is low because many do not believe their vote counts or matters. I do not believe that the FACT that we have not had a Republican governor since the late 1980s and have had a Democrat super majority since mail-in voting began in this state is a coincidence. I live in a rural area, and I am definitely willing to vote in person on election day with ID, as it should always be! I have lived in other states that vote in person on election day with ID, with a paper ballot and see that the process works well and those who use it feel better about the whole election process.
