

Submitter:

Dylan Drake

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is pointless. We do not limit people's right to vote in this state and will fight to retain it. These are unserious people carelessly challenging our modern democracy. Their voter fraud cause subsists without evidence of ballot tampering, yet they continue to lie and harass our democracy. This measure should not be on the ballot, it needs to be voted out. Maintain mail in ballot voting.
