

Submitter: Troy Pickard

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting by mail ensures that the greatest number of registered voters get to participate in our elections. Nobody needs to ask their boss for time off work, or arrange for child care, just to go off and stand in line (for who knows how long) just to cast their ballot.

Any step towards getting rid of voting by mail would be bad for democracy. This bill should be dead on arrival.
