Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support SB210 to end mail in voting. Oregon removed over 1200 voters who failed to prove citizenship.

In recent years those that advocate for mail in voting, vigorously oppose voter ID rules. They talk about giving non citizens and 16-year-old kids the right to vote.

You are legally required to show ID for the purchase of alcohol, tobacco, or even cold medicine, but not for casting a vote for those who determine the laws in our state.
