Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have lived in Oregon since I became eligible to vote. I had a precinct, and voted with my precinct card, and signed in on a large book! The staff checked my card, and signature. If the coast was clear, I got a paper ballot and proceeded to a booth to fill it out. That was 60 years ago. It was a simple procedure and one I fully endorse. As a Republican I feel that the current system isn't honest. I would much prefer one day to vote, all ballots counted on that day and submitted. Thank you for your proposition.
