

Submitter: Jasper Cook

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail is a secure and convenient Oregon institution that has easily stood the test of time. It ensures representation for voters who would be disenfranchised, and makes voting more convenient for everyone else, all while being relatively inexpensive to administer. The attempt to hinder it is a transparently un-democratic attempt to weaken voting for Oregonians. In person voting is archaic, and has only imagined advantages.
