

Submitter:	Lori Brooks
On Behalf Of:	Oregon fair elections
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

I support this bill it is time to have fair elations in Oregon where only citizens vote and elect or representatives, hundreds of thousand of ballots are mailed out to 1000s of people that are not at those address or not eligible to vote or Dead. it is time to secure our elections like Oregon had 40 years ago, it would be in local locations in your areas and ID, And there is plenty of volunteers to help with the voting places, if every other country in the world can do in person one day voting then the greatest county in the world can do it again.
