Measure, Appointment or Topic: SB243

I am strongly opposed to this bill, SB 243. I am reminding you of the Constitution, what it stands for, and what it says about government interference in the rights of the American people to own and carry a weapon. Clearly stated it says government "SHALL NOT INFRINGE on the right of the people to own and carry a gun. I suggest very strongly that you reject this bill, SB 243, and leave our constitutional rights alone.
