SB210

I am a born and raised Oregon resident. I believe that voting by mail is an incredible tool that allows all Oregon residents to vote without disrupting our lives. I currently work two jobs and am a college student. For those of us who have busy schedules, live in rural areas, have small children at home, have a disability, or other circumstances, voting by mail allows us to exercise our constitutional right in a way that fits our lives. It also allows voters to do thorough research of each candidate and measure at their own speed.

There is no evidence that voting by mail increases voter fraud. This is simply a way to make less people be able to vote in future elections.

I urge lawmakers to consider those of us who will suffer if this option is taken from us.
