Measure, Appointment or Topic: SB210  
Chairs and Committee,

Maintaining the ability to vote by mail is crucial in Oregon. It allows people with disabilities, folks juggling multiple jobs or jobs with travel, and people who are undergoing medical care to have a voice in our elections. It increases voting rates across the state. This is a non-partisan issue, because voting by mail allows all parties an equal chance to vote, including people in very rural areas. Increasing voter response benefits democracy in Oregon.

Thank you for considering my comments.
