SB243

I oppose any further infringement on my constitutional right to keep and bear arms. When criminals can break laws with little to no consequence, there is no deterrent. I would say, that may even be tacit approval. Enforce the laws we have. Don't use the law to punish law abiding citizens and leave us stripped not only of our constitutional rights, but our ability to defend ourselves and our families. I would like to see gun crime go down in Oregon, but this measure just makes those who obey the law more vulnerable to the criminal elements in our society.
