

Submitter: C Chapman

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

This measure is, obviously, undemocratic and serves to suppress turnout of the "wrong" kind of voter. It is extremely obvious what this serves to do. It is extremely obvious which political party this measure aims to serve. This is voter suppression and disenfranchisement and we as Oregonians should reject it outright. Shame on any politician in support of this measure, especially when states like Utah, and Arizona, are NOT facing similar propositions, despite their elections also being held primarily by mail - I wonder what the difference is? Yeah. We all know what the difference is. It is clear as day. We cannot stand for this, and I will not stand for this.
