

Submitter:	Will Worthey
On Behalf Of:	All Chehalem Valley Tourist facing industries
Committee:	Joint Committee On Addiction and Community Safety Response
Measure, Appointment or Topic:	HB3197

Its simple - at a time when my hotels and tasting rooms are struggling with occupancy this is just not the time to add a new tax on their products and on the reasons to visit my area. This directly impacts the livelihood of grape growers in our community and the downstream vendors like the tasting rooms and hotels. There are more rational ways to solve the revenue problems you have created that taxing this industry to death.
