

Submitter:

Justin McCall

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a lifelong Oregon resident I believe that our voting has been fraudulent ever since mail voting became what it is mail voting only allows for fraudulent votes I've witnessed myself several years of voting that our voter mailboxes have been burned set on fire with undisclosed amounts of ballots and no way to know whose ballots they were therefore the last two major votes in Oregon were void because of those burned ballots we need to stop letting illegal criminals have rights in our country that belong to US citizens I am 100% for ending mail voting making people show up in person with proof of citizenship any other way is voter fraud
