Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I FULLY SUPPORT SB 210! In person voting with a voter ID will bring back the privilege and pride to be an American voter. This will bring back integrity to our voting process that has been questioned by so many Oregonians, including those in state government positions that have admitted voter fraud in our current process. Election day should be a national holiday allowing everyone a chance to vote. The ballots should be counted and the results made available the same night. It's the right of the people to know and not have to wait weeks, sometimes months for results which makes people question the voting integrity.

All registered voters should reside in state and have a current Oregon residence. Out of state addresses should not be allowed to vote.

I urge you to support and pass SB 210.
