

Submitter: Terry Brooks

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Let's get back to in person voting in Oregon.

With the potential privatization of the mail service, the sooner we restore in person voting, the better off we will be as changes in the mail service take place.

In person voting also restores the ability to check all the boxes as to voter being on the rolls and a legit voter.
