SB210

I am strongly opposed to this measure. Requiring in person voting is a massive impediment to anyone with mobility issues, social anxiety, and other issues that make navigating public spaces difficult. It also has a negative impact on working class people, most jobs do not offer time off to vote, and even if they do, it's frequently not enough time due to waiting times in high population areas. I'm extremely disappointed that anyone within the oregon political sphere would be stupid enough to even give this idea consideration.
