Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I am in support of this measure because it ensures the person with the ballot is the person voting. It reduces potential fraud and makes it so people take their voting right seriously.

I am 49 years old and have never been to a ballot box, only to the mail box. Voting should be an active choice and not a passive one.

In-person voting should be done by all able-bodied citizens of voting age.
