Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Hello,

I am writing in to say that I strongly oppose this bill. Mail in voting is an Oregon institution and access to voting is extremely important to our democracy, especially now. All this bill will do is make it harder for Americans to cast their vote which benefits no one except those that oppose fair and free elections.

For a fair and just future for our elections please vote NO on this bill
Peter
