

Submitter: DIANA Kekule  
On Behalf Of:  
Committee: Senate Committee On Natural Resources and  
Wildfire  
Measure, Appointment or Topic: SB80

Your voice is needed to urge our elected officials to support S.B.80, which will protect animals and Oregon's critical groundwater management areas from new or expanding factory farms.

There is a hearing for S.B.80 next Thursday, April 3, and if enacted, it would place a moratorium on permitting new and expanding large Confined Animal Feeding Operations (CAFOs) in Oregon's designated Groundwater Management Areas (GWMAs).

You can make a difference by providing short, written testimony to the Senate Committee on Natural Resources and Wildfire urging them to pass S.B.80 and prevent new sources of water pollution from exacerbating the public health crisis in already-overburdened communities.

THANK YOU FOR HELPING TO RAISE THE CONSCIOUSNESS OF HUMANITY!!!
