Measure, Appointment or Topic:

SB210

Voting by mail integral to equal opportunity and democracy. Measure SB210 is a demonstration of executive overreach and is a violation of our constitutional rights. Further, it limits the opportunity for ALL voices to be heard, especially those that are not able bodied or are otherwise unable to vote in person. As an Oregon born resident, I strongly oppose Measure SB210 and the negative effects it will have on our rights to be heard and represented.
